1. The National - Civil Construction role is a mandatory requirement for all RIW cardholders who conduct work on the in "Civil" site locations where the work is not considered Rail Safety Work with no potential risk to the current or future safe railway operations

2. The Relevant Network Operator Role is mandatory for RIW cardholders who has carried out, is carrying out, or is considered to be a rail safety worker or working in the Rail Corridor

3. Relevant State based role must be selected and the relevant state based licence and class must be uploaded

4. The information contained in this matrix is for reference only and could be subject to change from the Rail Transport Operators

5. If the applicable equivalent Unit of Competence (UoC) isn't an available option in the Competence grouping in the RIW system, please contact info@riw.net.au to request a review and update

| Rule | |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| M = Required | Mandatory to be uploaded |
| M* = Group | At least one competence from the group must be uploaded |
| C = Conditional | Required for RIW cardholders who has carried out, is carrying out, or is considered to be a rail safety worker or working in the Rail Corridor |

| Role Descriptors | | High Risk | Non-High Risk |
|-----------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|---------------|
| | Can operate, load, haul and dump materials using both front and rear dumping articulated haul trucks | | Х |
| Backhoe Operator - National | Can operate backhoes and attachments to excavate, break, drill, level and compact earth, rock and other material * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
| Bobcat / Skid Steer - National | Can operate and shift materials with skid steer loaders using attachments | | Х |
| , s | Mobile plant operators drive and operate heavy machinery used to level, excavate, load and move earth, rock and other material | х | |
| Dozer - National | Can operate dozers using blades and other attachments to gouge out, level and move materials | | Х |
| = = : | Utilise rigs that use compressed air as a fluid to carry out drilling activity in a range of contexts which could include blast hole drilling, sonic drilling, mineral exploration, piling, construction and maintenance of water wells * Waterwell contractors will also require a card/licence issued by Government or industry organisation The Waterwell card or licence must identify a Class of licence and state of issue | | х |
| | Utilise auger rigs to carry out drilling activity in a range of contexts which could include site investigation and sampling, geotechnical work, waterwell construction or maintenance, environmental sampling; piling, pier and foundation work * Waterwell contractors will also require a card/licence issued by Government or industry organisation The Waterwell card or licence must identify a Class of licence and state of issue | | х |
| State-based Drilling Rig Operator - Rotary Mud - National | Utilise fluid-powered rigs to carry out drilling activity in a range of contexts which could include drilling water bores and monitoring bores, or in environmental and mineral exploration sectors * Waterwell contractors will also require a card/licence issued by Government or industry organisation The Waterwell card or licence must identify a Class of licence and state of issue | | Х |
| | Utilise cable tool rigs to carry out drilling activity in a range of contexts when working in soft, sedimentary rock formations which could include site investigation or sampling, for the geotechnical, mineral exploration and waterwell sectors or waterwell construction * Waterwell contractors will also require a card/licence issued by Government or industry organisation The Waterwell card or licence must identify a class of licence and state of issue | | х |
| | Utilise rigs with rapidly vibrating drill casings and rods to pulverise or liquidise formation for shallower site investigation or sampling, for undisturbed samples for geological, environmental, archaeological, and seismic information * Waterwell contractors will also require a card/licence issued by Government or industry organisation The Waterwell card or licence must identify a Class of licence and state of issue | | х |
| Dump Truck - NSW Only | Does the same work as a Dump Truck driver, however may work on a restricted licence as per the requirements of NSW regulator Safework | | Х |
| | A dump truck operator drives large trucks that transport and dump waste materials like sand, gravel, rock or non-degradable garbage a large truck for transporting heavy loads, with a back part that can be raised at one end so that its contents fall out, whereas a side dump truck (SDT) consists of a 3-axle tractor pulling a 2-axle semi-trailer it has hydraulic rams which tilt the dumpmbody onto its side, spilling the material to either the left or right side of the trailer | | х |
| Elevated Work Platform Operator<11M - National | Can operate specific types of elevated work platforms (EWPs) safely and effectively in different locations, including on uneven terrain Includes locating, setting up, operating and shutting down scissor lifts and self-propelled boom lifts with a | | Х |
| | boom length under 11 metres Can operate specific types of elevated work platforms (EWPs) safely and effectively in different locations, including on uneven terrain Includes locating, setting up, operating and shuttingdown scissor lifts and self-propelled boom lifts with a boom length over 11 metres * Will also require a High Risk Work Licence issued by Government or industry organisation | х | |
| Excavator Operator - National | Can operate excavator operations to lift, carry and place materials | | Х |
| · | Can conduct forklift operation including checking forklift condition, driving forklift, and monitoring and maintaining forklift performance and site conditions * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
| Front Ender Loader Operator - National | Can operate wheeled or tracked front-end loader safely to excavate, level and spread soil, remove and fit relevant attachments and carry out machinery maintenance | | Х |
| Grader Operator - National | Can operate graders to spread and level materials | | Х |
| Operator Crane/Hiab<10T - National | Can operate a vehicle-mounted loading crane to shift loads with a capacity of less than 10 metre tonnes | | Х |
| Operator Crane/Hiab>10T - National | Can operate a vehicle-mounted loading crane to shift loads with a capacity of greater than 10 metre tonnes * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
| | Can operate bridge cranes and gantry cranes safely Bridge crane consists of a bridge beam or beams, that are mounted to end carriages at each end, can travel along elevated runways, and has 1 or more hoisting mechanisms arranged to traverse across the bridge Gantry crane consists of a bridge beam or beams supported at one or both ends by legs mounted to end carriages, can travel on supporting surfaces or deck levels, whether fixed or not, and has a crab with 1 or more hoisting units arranged to travel across the bridge * Will also require a High Risk Work Licence issued by Government or industry organisation | х | |
| Operator Non-Slewing Mobile Crane(>3T) - National | Can operate a mobile crane of greater than 3 tonnes capacity that incorporates a boom or jib which includes articulated type mobile cranes and locomotive cranes, but does not include vehicle tow trucks, for licensing purposes * Will also require a High Risk Work Licence issued by Government or industry organisation | х | |

| Operator Slewing Mobile Crane(>100T) - National | Can operate a slewing mobile crane with a maximum rated capacity (MRC) over 100 tonnes * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
|-------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---|---|
| Operator Slewing Mobile Crane up to 100T - National | Can operate a slewing mobile crane with a maximum rated capacity (MRC) up to 100 tonnes * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
| Operator Slewing Mobile Crane up to 20T - National | Can operate a slewing mobile crane with a maximum rated capacity (MRC) up to 20 tonnes * Will also require a High Risk Work Licence issued by Government or industry organisation | Х | |
| Operator Slewing Mobile Crane up to 60T - National | Can operate a slewing mobile crane with a maximum rated capacity (MRC) up to 60 tonnes * Will also require a High Risk Work Licence issued by Government or industry organisation | X | |
| Roller Operator - National | Can operate a roller to compact material | | Х |
| Scraper Operator - National | Can operate a scraper to load, haul and dump materials | | X |
| Spreader Operator - National | Can operate, relocate and carrying out operator maintenance on a spreader | | Х |
| Stabiliser Operator - National | Can operate and relocate stabilisers using different additive types and carrying out plant maintenance | | Х |
| Telehandler Non-Slewing crane above 3T - National | Can operate telescopic materials handler mobile crane of greater than 3 tonnes capacity including attaching, securing, lifting, | X | |
| Telenander Noti-Siewing danie above 31 - National | carrying and placing materials; selecting, removing and fitting attachments; relocating the telescopic materials handler; and carry out machine operator maintenance * Will also require a High Risk Work Licence issued by Government or industry organisation | ^ | |
| Telehandler Slewing crane above 3T - National | Can operate telescopic materials handler slewing mobile crane of greater than 3 tonnes capacity including attaching, securing, lifting, carrying and placing materials; selecting, removing and fitting attachments; relocating the telescopic materials handler; and carry out machine operator maintenance * Will also require a High Risk Work Licence issued by Government or industry organisation | х | |
| Telehandler under 3T - National | Can operate telescopic materials handler mobile crane of less than 3 tonnes capacity including attaching, securing, lifting, carrying and placing materials; selecting, removing and fitting attachments; relocating the telescopic materials handler; and carry out machine operator maintenance | | х |
| Tip Truck - National | This is a similar description to a Dump truck but is generally used for longer hauls outside of the work site and therefore road registered | | Х |
| Tractor Operator - National | Can operate tractors and use attachments | | Х |
| Asphalt Paver Operator - National | An asphalt paver is the machine that lays the asphalt | | Х |
| Belly Dump Truck Operator - National | A belly dump driver drives and operates a belly dump truck This vehicle has a double bottom, and the material in the trailer dumps from the bottom rather than from the end, as it would with an end dump truck | | х |
| Bolter - National | Install primary ground support in civil construction This includes setting out points of support, installing sets and rings, sheet pilling and panel and box sets, as well as performing maintenance on primary ground support through inspections, fault identification and implementing adjustments | | х |
| Bus Driver - Mini (up to 12 seats) - National | Can operate mini bus with up to 12 seats | | Х |
| Bus Driver (over 12 seats) - National | Can operate bus with over 12 seats | | Х |
| Crusher Operator - National | Can operator a Crusher Crusher to crush, grind, or polish materials, such as coal, glass, grain, stone, food, or rubber | | Х |
| National - CD - Derrick Crane Operator | A derrick crane is a slewing strut-boom crane with the boom pivoted at the base of a mast which is either guyed (guy-derrick) or held by backstays (stiff-leg derrick) and which is capable of luffing under load | Х | |
| CP - Portal Boom Crane Operator - National | A portal boom crane is a boom crane or jib crane mounted on a portal frame, which is supported on runways along which the crane may travel | Х | |
| CS - Self Erecting Tower Crane - National | A self-erecting tower crane is a type of crane with tower and boom/jib elements that do not dismantle into component sections Self-erecting tower cranes can be transported between sites as a complete unit The erection and dismantling process is a fundamental part of the cranes function | Х | |
| CT - Tower Crane - National | A tower crane is a jib or boom crane mounted on a tower structure, demountable or permanent, including both horizontal and luffing jib types | Х | |
| CV - Vehicle Loading Crane - National | Can Operaot a vehicle loading crane with a capacity of 10 metre tonnes or more | Х | |
| HP - Hoists (Personnel and Materials) - National | A materials or personnel hoist is used to hoist personnel, goods and/or materials It comprises a car, structure, machinery or other equipment associated with the hoist, and may be either a cantilever hoist, tower hoist or a multiple winch operation | Х | |
| HM - Materials Hoist (Cantilever Platform) - National | A materials hoist is used to hoist goods or materials only, not personnel The car, bucket or platform is cantilevered from, and travels up and down externally, to a face of the support structure | Х | |
| Kerb & Channel Machine Operator - National | Drives and operates curbing machine to extrude concrete and asphalt curbing | | Х |
| Reach Stacker - National | The reach stacker licence covers powered reach stackers (with a capacity of three tonnes or more) that have an attachment for lifting, lowering, moving and travelling with a shipping container | Х | |
| Road Paver Operator - National | A paver operator uses specialized machines to spread asphalt over a surface | | Х |
| Truck Driver Concrete Agitator - National | Concrete Agitator Truck Driver is responsible for the safe and efficient loading, delivery and unloading of concrete | | х |
| Truck Driver Fuel Tanker - National | As a fuel tanker truck driver, you transport gas or other petroleum products | | Х |
| Truck Driver Heavy Combination - National | Heavy Combination (HC class) heavy vehicle licences allow you to drive: Prime movers with attached single semi-trailer | | х |
| Truck Driver Heavy Rigid - National | A motor vehicle that has a gross vehicle mass (GVM) more than 8 tonnes and has 3 or more axies (whether or not the wheels on those axles are on the road) or, a bus consisting of more than one rigid section which are connected to one another so as to allow rotary movement and passenger access between the sections | | Х |
| Truck Driver Light Rigid - National | Has a gross vehicle mass (GVM) more than 45 tonnes but not more than 8 tonnes or seats more than 12 adults (including the driver) and has a GVM not more than 8 tonnes | | Х |
| Truck Driver Medium Rigid - National | Has a gross vehicle mass (GVM) more than 8 tonnes and has no more than 2 axles | | Х |
| Truck Driver Multi Combination - National | Is any motor vehicle or combination of vehicles other than a motor cycle | | Х |
| Vacuum Truck Operator - National | Responsible for transporting, loading and offloading of fluids at different locations | | Х |
| Water Cart Operator - National | Water Cart Operators drive heavy vehicles that haul and spray fluids Water carts are used to suppress dust on job sites, clean pavements and prepare unsealed roads for grading and sealing | | х |
